Congress Calendar

- 13** 13.06.2014 - 14.06.2014
1st International Symposium on Minimal Invasive Extracorporeal Circulation Technologies
- 18** 18.06.2014 - 21.06.2014
ASAIO 60th Annual Conference
- 25** 25.06.2014 - 28.06.2014
The New Orleans Conference VIII. Practices in Cardiac Surgery And Extracorporeal Technologies

Welcome to the Homepage of the Swiss Society of Perfusion

“
Our Vision:
“Difficulties mastered are opportunities won”
(W. Churchill)

Due to his heterogeneous constellation, the Swiss Society of Perfusion is a worldwide unique build.

Four languages, different mentalities, different professional point of views and different regional needs are creating a complex landscape of perfusion techniques.

The aim of our Society is, despite this world of differences, to achieve a way in which all members can identify a common cause to reach common goals respecting different mentalities, regional, linguistical and professional features.

sincerely yours

Jolanda Consiglio, Co-President

Simon Costabile, Co-President
